SUSPENSE CONTINUES.
JAPS MASK ACTIVITY.
ST. PETERSBURG, Nov. 21, 4 a.m. The suspense engendered by the Japanese attack on Port Arthur Hill continues. This movement has proved successful. It aimed merely to capture a Russian position, but whether it was intended to mask activity at some other point along the front has not yet developed. Some correspondents note what they consider significant Japanese movements on the Russian right and others that the Japanese column is moving fifty or sixty miles eastward, but the opinion in military circles seems to be that no great movement is likely to transpire before the fate of Port Arthur is decided. At the same time it is recalled here that Gen. Kuropatkin's great aggressive movement of last month was in full swing a week before the outside world realized what was occurring.

JAPANESE VIOLATING CIVILIZED WARFARE.

Gen. Balashoff Makes Serious Charges Against Mikado's Soldiers.

Little Brown Fighters Accused of Deliberately Firing on Hospital Ships--Missiles Resembling Sausages Make Russians Faint by Their Awful Stink--Japs Explode Magazine Near Port Arthur Arsenal.

(BY THE ASSOCIATED PRESS--P.M.)
LONDON, Nov. 20, 3 p.m.--Gen. Balashoff, the head of the Red Cross Society at Port Arthur, was to the Associated Press on the torpedo-boat destroyer Rastorgov, which arrived here from Port Arthur November 16, and which was subsequently destroyed by her crew in this harbor, a personal letter charging the Japanese with a violation of the rules of civilized warfare. Owing to an error, the letter of Gen. Balashoff was not delivered to the Associated Press until today.

In his letter Gen. Balashoff requests the publication of the charges that the Japanese deliberately disregarded the obligations of the Geneva and Hague conventions. He says that they have committed the abandonment by the Russians of three plainly marked hospital ships, and that the wounded who were aboard the half-sunken steamer Angara also had to be removed. These ships, says Gen. Balashoff, were anchored where they did not interfere with the Japanese line of attack. The Japanese deliberately disregarded the obligations of the Geneva and Hague conventions. He says that they have committed the abandonment by the Russians of three plainly marked hospital ships, and that the wounded who were aboard the half-sunken steamer Angara also had to be removed. These ships, says Gen. Balashoff, were anchored where they did not interfere with the Japanese line of attack.

He further says that the Japanese use balloons to direct their fire and that they use shells with minute accuracy into the harbor, cannot mistake the hospital ships and he charges that they deliberately drive the wounded from the ships for the purpose of sinking the vessels.

"This occurred recently," continued Gen. Balashoff, "but earlier, I noticed several instances of a concentration of fire on portions of the town devoted almost exclusively to hospitals."

"Other instances of unprovoked warfare are numerous but I have no time to write of them."

"I scarcely have time to eat and sleep."

Gen. Balashoff requests that his letter serve as his protest to the world against the tactics of the Japanese.

As an illustration of the difficulty of communicating with Port Arthur it is learned that of six duplicate letters which were sent from Chelof to Gen. Balashoff by various sources, only one succeeded in reaching him.

USE STINK SAUSAGES.
CHEFOO, Nov. 20, 2:30 p.m.--The local Russian Consul has received from Port Arthur a letter describing the use by the Japanese of a peculiar missile. This missile looks like a long sausage. The Japanese throw it into the trenches and it bursts firing off an odor so foul that if it is not thrown out of the trenches immediately, the soldiers faint. The gas is not fatal in itself.

MAGAZINE EXPLODED.
TOKIO, Nov. 20, 6 p.m.--A telegram from the forces besieging Port Arthur dated November 19, reports that during the afternoon of that day, in a bombardment by naval guns, a magazine near the arsenal was exploded. The dispatch concludes as follows:

"Our operations against all the forts proceed as prearranged."

The following dispatch has been received from Manchurian army headquarters:

"At noon November 19, we shelled the enemy's infantry, engaged in fortification work of Reichenburg; also a body of infantry in the rear of the village, causing them to flee in confusion. In other directions there is no change."

ANTI-TRUST THEATERS.
Chain of Them Being Established from Coast to Coast--Los Angeles to be Included.

(BY DIRECT WIRE TO THE TIMES.)
DENVER (Color), Nov. 20. (Exclusive Dispatch.) C. L. Knoke, who has credentials from New York and Chicago capitalists, who are fighting the theatrical trust, is here to lease a theater or build one if he cannot lease. Theaters have been secured in a chain of cities from New York to Kansas City, and a coast to coast circuit is planned. Mr. Knoke will go from here to Salt Lake City and thence to Los Angeles, San Francisco, Seattle and Portland. In each city named he will lease or build as seems most desirable. David Belasco, Mrs. Leslie Carter and Mrs. Plak are interested, but he will not give the personnel of the syndicate.

REFORM IN JAPAN.
English Alphabet to be Substituted for Characters Now Used in That Country.

(BY DIRECT WIRE TO THE TIMES.)
ST. LOUIS (Mo.), Nov. 20. That Japan within the next few years will substitute the English alphabet for the characters now employed in the written language of that country, is regarded by Prince Pushimi, who is in St. Louis waiting the fair, as very probable. A. Sato, master of the Prince's household, speaking for the Prince today, said a commission composed of members of the Roman Character Society, is making an investigation under the sanction of the imperial government with a view to devising a plan to introduce the change.

"There is little doubt," he said, "that the change will be made. The Emperor, who is a cousin of Prince Pushimi, regards the plan with much favor, and in official circles, generally the substitution is advocated. The adoption of Roman characters would rob Japan's literature of much of its sweetness and beauty, but the proposed change is regarded with favor because it means progress. English is more generally spoken in Japan than any other foreign language, and country realism, and is taught in our schools. While our language will lose much in sweetness and sentiment, it will gain a great deal commercially."

SYMPATHY FOR IRELAND.
President Roosevelt Approves the Irish National Exhibition Held in Dublin.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, Nov. 20. (Exclusive Dispatch.) President Roosevelt was approached some time ago for a word of approval of the Irish National Exhibition held in Dublin. His reply, which was sent with stipulation that it should not be published till after election, lest it might be interpreted as an attempt to influence the Irish vote, says:

"I am, of course, unable to speak in detail of the work you propose, but in your object I have entire sympathy and I wish you all success. I think such an exhibition will not only be very interesting, but of real value in aiding to raise Ireland's prosperity by helping toward establishing Irish industries as so as to restore her to her ancient place among the manufacturing countries of the world. Much of the citizenship of the United States is derived from Irish stock, and whatever is for the welfare of Ireland must command the sympathy of Americans."

POPE'S HEART GOOD.
Exaggerated Reports About the Pontiff's Health--Electoral Triumph for His Holiness.

(BY THE ASSOCIATED PRESS--P.M.)
ROME, Nov. 20. (Exclusive Dispatch.) Dr. Lapini declares that the recent reports of the Pope's health are greatly exaggerated. There is nothing in the shape of heart trouble, but His Holiness suffers from dyspepsia, due to lack of the active outdoor life he formerly led.

The recent elections have been a great triumph for the Pope, especially the defeat of the Socialist leader Perri in Rome, itself, which was due to the intervention of Catholic voters under the Pope's new policy. The result was the same in Florence, Venice, Milan, Turin and other Socialist centers.

A big strike organized just before the election also thoroughly antagonized and frightened many former sympathizers with Socialism, who agree in detesting militarism and the intolerable burdens it entails.

DAVIS TAKES DEFEAT PHILOSOPHICALLY.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Nov. 20. (Exclusive Dispatch.) Henry G. Davis, Democratic candidate for Vice-President, has recovered from his disastrous defeat and was back in his office here today, philosophical and looking in good health.

"Well," he said, when asked regarding his feelings over the outcome of the election, "I can only repeat what I said on the morning after, to the young men who work for me. I have spent a lot of time running around the country, and now the time has come to settle down to work again. We must work hard to pay for the slanders we did."

As soon as the polls closed Davis called his secretaries and helpers around him and told them what he repeated above. On the morning of November 9, he was going over the plans of his new railroad, apparently forgetful of the fact that there had been an election. He has returned from an inspection of the new line which the Davis Coal & Coke Company is building. There are fifty miles completed, and Davis rode over this part on horseback. He will make his headquarters in Washington this winter, in the home of his daughter, Mrs. Arthur Lee.

Davis said he had received from Bryan a warm letter, which he appreciated highly. He supported the Nebraska in 1896 and 1900.

President's Policy for Next Four Years is Devoid of Radicalism.

Tariff Revision Likely to be Left to Special Session of Congress.

"Big Stick" to be Used Only to Uphold National Honor and Dignity.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Nov. 20. (Exclusive Dispatch.) For more than three years President Roosevelt has been subjected to the keen scrutiny of the American people. He has never concealed his purpose or permitted the public to remain in doubt as to his position. His administration has been characterized by firmness, but not by radicalism, and there is to be any change in the President's policy during the coming four years it will be only increased conservatism begotten by the heavy responsibility under which he is labored and the increasing caution of advancing years.

TARIFF REVISION.
The President will make no suggestion of tariff revision to the present Congress in his forthcoming message, but he regards some readjustment of the existing tariff schedules as essential to the prosperity of the nation.

He does not construe the great Republican majorities as meaning that the people want no change in tariff schedules, but as indicating their confidence in the President and his administration. He will make no suggestion of tariff revision to the present Congress in his forthcoming message, but he regards some readjustment of the existing tariff schedules as essential to the prosperity of the nation.

The purser of the steamer was willing to put his cargo on the safe, but declined to safeguard the man.

of the Wild.

SAN BERNARDINO, Nov. 26.—P. and John Gruba, partners in a butcher shop, fought a bloody battle over a steak yesterday afternoon. The fight resulted in both men being horribly slashed with knives.

Gruba claims he had returned to the shop a few moments before the fight occurred, and was trying a steak when the other man entered. Gruba was slashed in the arm and back, while the other man was slashed in the arm and back.

Gruba says he had just come into the shop, and his appetite being whetted by the savory odors from the meat, he was trying a steak when the other man entered. Gruba was slashed in the arm and back, while the other man was slashed in the arm and back.

Two days locked in a box car without food or drink was the experience of a homeless Mexican whose imprisonment was discovered when the car arrived here yesterday. Kicking on the door, he attracted the attention of a policeman, who got inside to break him out.

Gruba claims he had just come into the shop, and his appetite being whetted by the savory odors from the meat, he was trying a steak when the other man entered. Gruba was slashed in the arm and back, while the other man was slashed in the arm and back.

MANY WILL SEE THE BIG GAME.

LARGE RIVERSIDE DELEGATION COMING THURSDAY.

Indiana and Pomona College Eleven Will Put up the Best Contest to be Seen in Los Angeles This Season. What the Various Clubs are Doing. Keynotes Celebrate.

RIVERSIDE, Nov. 26.—Riverside will send the largest delegation of rooters to Los Angeles next Thursday that has ever accompanied a team from this city. Excursion trains will be run, and Manager Mitchell of the Sherman team has reserved a section of the bleachers for the supporters of the purple and gold. Coach Warner will have his men in almost perfect condition. He spared his first team men in yesterday's contest with Occidental, and allowed them to play only long enough for a little rest and to eat before the game. The team is expected to win, and just as the started men had held out all of the season, they are expected to win, and just as the started men had held out all of the season, they are expected to win.

CUTLERS FIGHT BLOODY BATTLE.

DUTCHER KNIFE USED AND BOTH HORRIBLY SLASHED.

Quarrel of Partners Over a Steak Almost Results in a Tragedy—Men Inmate from Hunger Flee from These Who Were Giving Him Food at the "Call of the Wild."

SAN BERNARDINO, Nov. 20.—P. Gooser and John Gruhn, partners in a cutlery and grinders establishment, "killed it up" with a butcher knife in their shop on Court street, this morning at 2 o'clock, both being cut and slashed in a horrible manner. They are now in the hospital, the latter being taken to the hospital at the County Jail, and the former being taken to the hospital at the County Jail.

Gruhn states he had returned to the shop a few moments before the fight occurred, and was trying a steak when Gooser entered with a butcher knife, and without any preliminary set upon him with the knife, declaring he would cut his heart out. Gruhn grappled with his partner, and they struggled back and forth for possession of the knife, as each tried to help.

INSANE FROM HUNGER. Two days locked in a box car without food or drink was the experience of a homeless Mexican whose imprisonment was discovered when the car arrived yesterday. Kicking on the door, he attracted the attention of a brakeman, who got permission to break the seal and release the man, who was the picture of starvation. He was lifted from the car, his cheeks being swollen and his eyes large and round from hunger. He gave the trainmen a little signal and team work before he substituted the second and third team players. Some apprehension was felt early in the season for the position of quarter-back. There seemed to be no one who could be a substitute for Nephew and conduct the play in case he was knocked out. But yesterday's game showed up little Casero in his real worth, and there were many who believed that he was a star.

MINOR MENTION. A petition for the probate of the will of the late Dr. F. M. Pitts, who died at Highland, was filed in the Superior Court yesterday. The estate is valued at \$10,000. The will is in the hands of the probate court.

A. P. Freeland has come in from the Lake region, on the night train, with a sample of copper ore running \$200 to the ton. The mines are owned by a local company, which will soon erect a plant on the site. The mine will leave Friday morning with a complete cyanide plant and steam hoist.

Dan Allison, James Scott and Arthur Chambers got into a fight on the streets the other day. Last night he met Chambers and renewed the fight, putting Chambers out with a terrific blow on the eye. Both were arrested.

It is announced that the directors of the Ventura...

W. E. ROBERTS DIES. Former Manager of Cudahy Packing-house and Well-known Local Business Man.

W. E. Roberts, former manager of the Cudahy Packing Company in this city, died in the Sisters' Hospital at 1:30 yesterday morning.

Mr. Roberts came to Los Angeles from Omaha in the early nineties to take charge of the local Cudahy packing-house, and it was under his administration that the plant and business were built up to their present proportions.

Roberts was considered an able, aggressive business man until about two years ago, when he seemed to lose his interest in the business.

THE SEVEN CLUBS. The seven clubs will meet Monday afternoon at the home of Mrs. Darling on Arlington avenue. The programme will consist of a discussion of the progress of the war during the summer from the Russian standpoint by Mrs. C. M. Hayes.

GOSPEL TEMPERANCE. Great Crowd Heard Francis Murphy Last Night on Subject of "Pecuniary."

Gospel temperance, under the inspiration of Francis Murphy, filled the hall last night with an audience to hear the famous leader talk upon "Pecuniary." He had almost recovered from his severe cold of a week ago, and his eloquence last night had the old-time effect of rousing enthusiasm and bringing a score or more of pledge-signers.

A number of his converts and other persons connected with the work made short addresses, and the singing under the leadership of J. W. Eccleston was hearty.
